

# Start your career in construction!

## FREE highway construction career TRAINING

### About the Program

Learn core skills for highway construction in this free, 16-week training program. Gain hands-on experience in the highway construction trades that help build Minnesota's roads and bridges. Trades include laborers, operating engineers and iron workers.

- Freshen your math skills and learn blueprint reading
- Learn safety skills and graduate with OSHA-10 certification
- Understand green construction techniques and standards
- Learn how to manage your money
- Learn how to interview successfully with contractors
- Explore different trades and get hands-on training at union training centers

*Graduate with the Building Strong Communities Certificate, which is regionally recognized*

### Training dates and location

Jan. 9 - May 3, 2024

Duluth, MN

### Eligibility

- Be at least 18 years old
- Have a high school diploma or GED
- Have a valid driver's license
- Identify as BIPOC or as a woman or as having a disability. Individuals facing other barriers to employment may apply and be considered on a case-by-case basis.
